Dr. Thomas L. Shipman
H Division
Los Alamos, New Mexico

Dear Tom:

Enclosed is a copy of the abstract (preliminary) of the paper we are intending to have ready for publication in about three months. The purpose of the present abstract is for requesting presentation at one or several of the major medical conventions during the coming year -- in the event the paper is ready according to our present schedule.

I trust Wright Langham will speak to you about this matter promptly.

Thanking you for your kindness, I am,

Sincerely yours,

BEST COPY AVAILABLE

Charles L. Shafer, M.D.

P.S. Naturally, we are not talking openly about this matter until we have the paper ready for publication, and have accomplished our mission before the target deadline of the convention dates.
