Mr. Harold Agnew, Director
University of California, L.A.S.L.
P. O. Box 1663
Los Alamos, New Mexico 87544

Dear Harold:

A very good friend of mine, [redacted] WW I -
WW II - quite wealthy, age about [redacted] (years) has been troubled
by skin cancer for a very long part of his life, and it
annoys the hell out of him to take treatments which have
disfigured his face. I told him about the Meson Facility
and he is greatly interested. I wonder if you could ad-
vise me of the possibility of his receiving treatment at
Los Alamos.

I am certainly disappointed that you have not called
me long before this to advise me of your arrival at Pebble
Beach. It seems to me that you could find time to come
out here and relax for at least a few days.

Best regards, and hope to see you soon.

Jack
