Metabolic
May 23 1952

Confirming a telephone conversation with Mrs. Valerie Ard regarding the Metabolic Unit Fund as of March 31, 1952, this fund still stands at \$41,991.49. As of December 31, 1951 this fund from the investment standpoint stood at \$41,492.43.

This stems from the fact that the University has picked up additional interest that could be used on the fund even though the actual one showing for investment purposes stands at \$41,492.43

NEW DONNER PAVILION

April 8, 1954

DR. JAMES L. BORN

Dear Jim:

In the case of the examining rooms in the Donner Pavilion, I wonder if we couldn't put a cot and a desk in each one of these rooms. Perhaps we could combine them as examining rooms and an office. At least one of them can be used as an office for somebody.

Also, I'd like to have, as I told you before, room #331 over there fixed up with only one bed, a phone and a desk for an office for me which we can keep locked. That's the last room on the right and it's facing the football field. The other room can have two beds in it, but I think we'll move one bed out and put in a desk in the other one, and perhaps put the television in there, too.

Sincerely,

John H. Lawrence, M. D.

JHL:jt
