DOCTOR JOHN H. LAWRENCE

Dear Doctor Lawrence:

I received a call this morning from Jim Miller informing me that your letter to President Sproul dated May 26, 1952 in which you asked that instructions be given to the University Architect's Office to in turn notify the architectural firm of ~~Walsh~~, Frick and Kruse that it was no longer necessary to make an additional set of plans for a one story addition to Cowell - - Jim said that Corley's office had concurred with this and had sent a letter this morning to President Sproul indicating this agreement.

It was their thought that President Sproul would take action formally with the Regents at La Jolla next Friday when they meet there.

Sincerely,

R. A. San Souci
