Members of the Advisory Committee on Inter-Campus
Medical Teaching and Research

Dear Member:

A meeting of the Advisory Committee on Inter-Campus Medical Teaching and Research is being called for Monday, November 19 at 4:00 p.m. in Room 149 Forestry Building for the purpose of considering the problem presented by the letters from President Sproul and Drs. Deutsch and Smyth.

As you can see from this correspondence, this is a long-standing problem and one which will undoubtedly require a very careful study. I have no additional information to provide at this time, but Dr. Lawrence is a member of our Committee and he will undoubtedly be able to provide the Committee with background information.

Sincerely yours,

Wm. M. Stanley

W. M. Stanley, Chairman
Advisory Committee on Inter-Campus
Medical Teaching and Research
