BIOLOGY AND MEDICINE PROGRAM ADVISORY COMMITTEE MEETING
DONNER LABORATORY CONFERENCE ROOM 4th FLOOR 10 OCTOBER 1975

PRESENT: ALPEN, BORN, CONNELL, BUDINGER, SCHOOLEY AND TOBIAS.

1. Alpen indicated he would like to meet with PAC Wednesday, 12 November 1975, to discuss some of the plans for his presentation to the UC President's Council on 11 or 12 November 1975.
2. Alpen indicated that his academic appointment would be: 50% in the Division of Medical Physics and 50% at UCSF Medical Center.
3. Plans for Mid-Year should be started relative to equipment items and some new 189's. The latter could include new programs or the possible splitting-out of a program from an existing 189.
4. Discussion of the Budinger/Tobias magnetism 189 concluded it might be prudent to send it to ERDA now and not wait for Mid-Year.

Sincerely,
