BERKELEY: DONNER LABORATORY AND DONNER PAVILION

March 10, 1972

Dr. James Born

Re: LBL Committee for Safeguards in  
Research in Humans.

Dear Jim,

It would be helpful to me and possibly to other members of the "Safeguards" Committee to have a meeting of the Committee some time in the near future. I believe our usefulness in assisting you could be improved if the Committee, with your guidance, could review and where necessary modify its procedures and policies. For this purpose, it would also be helpful if we could be brought up to date on any changes in university, state, and federal regulations that may have been instituted since 1967 when the Committee formulated its policies for LBL.

Sincerely,

*W. E. Siri*
