Mr. C. S. Shoup
Chief, Biology Branch
Research and Medicine Division
United States
Atomic Energy Commission
Oak Ridge, Tennessee

Dear Mr. Shoup:

I thought you would be interested to know that our exhibit "Cellular Changes of Sodium and Potassium in Man" which was shown at the Southern Medical Association in Atlanta last week, won the first award. We are sending you a photograph under separate cover.

All of us are very grateful to the Atomic Energy Commission for supporting this research.

Sincerely,

George T. Harrell, M.D.
George T. Harrell, M.D.
