By letter dated October 24, 1949, the General Manager informed the Chief of the Bureau of Ships, Navy Department, that \$15,000 was being transferred from Division of Military Application funds to cover the costs of isotopes for the Naval Radiological Defense Laboratory during FY 1950. Commencing July 1, 1950, or earlier if the above-mentioned transfer is fully costed, NDRL is to purchase isotopes in the same manner as other agencies.

By copy of this memorandum the Division of Finance is requested to decrease DMA Allotment O30-00-01 in the amount of \$15,000 and increase the Oak Ridge Operations Office Allotment in the same amount. Costs for isotopes issued to the Navy under this allotment are to be charged to and reported separately under Activity Number 3670 - Radiological Warfare.
