Terms of Award:

5 P01 CA14052-05

Included in this award is a carryover of \$75,000 in alterations and renovations from the 04 year. If the actual direct cost balance from the 04 year is less, authorization for this will be reduced accordingly.

Funds provided for alterations and renovations may not be used for any other purpose without the prior approval of the National Cancer Institute.

Funds approved for to-be-hired personnel may not be used for any other purpose without the prior approval of the NCI.

The University of New Mexico, in accordance with its institutional rebudgeting policies, may rebudget funds within the Los Alamos Scientific Laboratory or the University of New Mexico budget, but prior National Cancer Institute approval is necessary for rebudgeting between these two accounts.

Funds approved for Consultant costs may not be used for any other purpose without the prior approval of the National Cancer Institute.

Funds awarded may not be committed for alterations and renovations until specific authorization to proceed has been received from the NCI, based on a satisfactory technical review of plans, architectural drawings, etc. This restriction does not, however, apply to architectural and engineering fees necessary to develop such plans and drawings.

This grant is subject to the conditions in the Equal Employment Opportunity Statement attached. This applies to any work that may be done for the grantee institution.

This award is made with the understanding that an acceptable contract will be received by the NCI between the University of New Mexico and the University of California concerning research at the Los Alamos Scientific Laboratory. If such a contract is not forthcoming within 60 days, this grant will be subject to re-negotiation and revision.

Terms of Award:

5 P01 CA14052-05

The funds awarded under Contractual or Third Party Costs are for research to be conducted at the Los Alamos Scientific Laboratory, Los Alamos, New Mexico under contract between the University of New Mexico and the University of California as approved by the NCI. These funds have been approved with the following categorical breakdown:

Personnel	256,100
Equipment	38,600
Supplies	66,400
Domestic Travel	4,000
Other Expenses	43,600
Administrative Services	147,770
Total	<u>\$556,470</u>

The indirect costs at the Los Alamos Scientific Laboratory are included as a direct cost in this award and are based on the approved budget using the negotiated rate available at the time of award. Actual indirect costs claimed must be based on actual direct cost expenditures. No indirect costs may be claimed by the University of New Mexico through the Indirect Cost Management System for work performed at the Los Alamos Scientific Laboratory. Funds awarded for indirect costs (Administrative Services) may not be used for any other purpose without the prior approval of the National Cancer Institute and no additional funds will be awarded for this purpose. Funds may be rebudgeted into (but not out of) the Administrative Services cost category.

Reimbursements to the Los Alamos Scientific Laboratory shall be made on the basis of approved certified vouchers, signed by the Principal Investigator and approved by an administrative official of the grantee institution.
