Dear Wright:

Dr. Waterhouse has been contacted and will carry out the examinations as per schedule. We will make arrangements for the defraying of necessary expense from our budget. We are making no strenuous attempt to get the information to you but will await the patients' return for their regular visits. At that time we will get the necessary laboratory and x-ray data.

We will also collect additional urines from which will be forwarded to you as soon as the collection has been completed. These will contain a smaller amount of formaldehyde.

Let us know if there is any additional information which you desire.

Yours with cordial regards,

Joe W. Howland, M.D.
