

September 11, 1945

Dr. A. N. Richards
Vice President in Charge of Medical Affairs
University of Pennsylvania
Philadelphia, Pennsylvania

Dear Doctor Richards:

I am answering your letter concerning radio-Carbon,
in Professor Lawrence's absence.

At the present moment, there is no C¹⁴ available
for distribution. However, I believe that this situation will
probably be altered within the next few months so that this
material can be distributed to investigators such as yourself.

I shall keep your letter on file and as soon as
long-lived radio-Carbon is on hand, I shall communicate with
you.

Sincerely yours,

Joseph G. Hamilton, M. D.

JGH:namn
cc: E. O. Lawrence
