Dear Dr. Furnas:

Chairman Lewis L. Strauss has sent me your letter of August 13 in which you requested preparation of a special report for the Weapons Systems Evaluation Group, and he has asked that we comply with the request.

As you know, members of the staff of the Division of Biology and Medicine have already had several discussions with Dr. John Magee and other members of the WSEG staff, and we are now devoting a considerable effort to these problems of mutual interest.

I assure you that we are pleased to be asked to participate in these studies, and will do all we can to have a preliminary report completed in the near future.

Sincerely yours,

C. L. Dunham, M.D., Director
Division of Biology and Medicine
