PARTICULARLY TO

REPLY TO AEC Contract Office  
P. O. Box 352  
Las Vegas, Nevada

Charles L. Dunham, M. D.  
Director, Division of Biology & Medicine  
U. S. Atomic Energy Commission  
Washington 25, D. C.

Dear Dr. Dunham:

Mr. Charles Y. Jordan, Superintendent of our Safety, Sanitation and Fire Protection Division, will represent the Health and Safety Department at the Meeting of AEC Industrial Physicians, Health Physicists and Industrial Hygienists, February 18 and 19, 1958. Mr. Jordan has been associated with our Nevada Test Site contract since its inception and is well qualified to discuss the Test Site Health Programs.

Our present medical subcontract is due for review in the next month or so in order to complete its renegotiation before July 1, 1958. This contract represents a major revision of past practices, as you well know. It is our feeling that we could benefit from a discussion with you or your representative on the operation to date and suggestions for improvement. For this purpose it is requested that an hour or so be allotted at your convenience during the dates of the subject meeting to get together with Mr. Jordan. According to the agenda both yourself and Dr. Bruner will be attending and both of you participated in the development of our current contract. As points of information Mr. Jordan plans to arrive on February 16 and depart on February 20. Reservations have been requested at the Bon Air Hotel.
