**Office Memorandum • UNITED STATES GOVERNMENT**

TO : Dr. Shields Warren

DATE: May 16, 1949

FROM : L. W. Tuttle

SUBJECT: TESTS - TELEPHONE CONVERSATION FROM BOWERS, MAY 16, 1949.

Bowers has brought Al Graves up-to-date. Brues has declined to head up B.M. tests. It is agreed that all proposals will clear through our office and that we will set up a screening committee and have a completed program for BM tests in Graves hands by July. (Brues recently ventured the opinion that the head of this committee should have no other administrative duties and should devote full time to the work.
