 COLLECTION ROCHESTER UNIVERSITY-SMPTM  
CORRESPONDENCE, MEDICAL / IN CUSTODY OF  
 BOX No. H-340-5 ORISE  
 FOLDER \_\_\_\_\_

Memo to: Miss Helen Baldwin

From: Dr. Joe W. Howland

Effective immediately, the statistical program involving routine laboratory examinations from various plants in the New York Operations area is to be discontinued. This has been discussed with Dr. Wolf of the New York Operations Office and he is in agreement with the above action.

The arrangements for the financing of the study during the months of July and August have been taken up with Dr. Bale and some action is to be expected soon.

*J. W. Howland*
