Dear Dr. Stone:

Because of your transfer from the payroll of Metallurgical Laboratory to the Site "X" payroll, we mutually want a clear understanding of the effect of this change upon your position and your duties. In return for your agreement to continue all your duties here indefinitely, just as they are, we agree to maintain your position here just as it is with the present office space and staff just as you have it.

This plan is the only logical arrangement. You are Associate Project Director for Health here as well as at Site "X". You will remain here as Division Director of Health in spite of the change in your location. The purpose of this letter is to make it clear that the same powers here are delegated to you and through you as before your transfer. Authorizations and approvals here over your signature shall be recognized as in the past and shall have the same effect as heretofore.

To signify your acceptance of this position here, and to show that you agree to continue your duties here as stated, you will please sign and return these seven copies of this letter. When we receive them back they will be presented to Mr. W. B. Harrell and to the Area Engineer's office for approval. After such approval, a copy of this letter with the signatures thereon will be forwarded to you.
