Technical Planning for H. E. Project

For your information and others who may be interested, I am setting down the weekly schedule of regular technical discussions covering the work of the H. E. Project, and primarily that of E-5 Group.

- Monday, 9:00 - 10:00 a. m., Room B-223
Discussion of weekly progress in the Anchor Ranch X-ray section and planning of immediate work. Those from Theoretical Division and from Group E-2, who are interested, are welcome to attend.
- 10:00 - 11:00 a. m., Room B-223
Discussion of progress and planning for the P-site with Group E-2. Members of the Theoretical Physics Division, who are interested, are welcome to attend.
- 1:15 - 3:00 p. m., G. B. Kistiakowsky's office
Meetings of the Steering Committee. Broad planning of the work of H. E. Project, and discussion of results achieved. Attendance by invitation.
- Wednesday, 9 - 10:00 a. m., Room B-223
Discussion of recent results achieved and immediate planning for the Terminal Observations Section of E-5. Members of Theoretical Division, who are interested, are invited to attend.
- Thursday, 9 - 10:00 a. m., Room B-223
Discussion of results and immediate planning for optical work on cylinder collapse. Again, those outside E-5, who are interested, are invited to attend.
- Saturday, 8:30 - 10:00 a.m., Room B-223
Meeting of Group and Section Leaders of H. E. Project devoted to very brief review of the entire work of the Project, and then to discussion of non-technical matters of interest. Meeting limited to members of H. E. Project.
- 11:00 - 12 N. - Room B-223
E-9 explosives section meeting to discuss progress and planning of work under direction of Lt. Schaffer.
