~~REDACTED~~

Mr. H. A. Traver, Liaison Office
Office of Scientific Research and Development
1530 "P" Street, N. W.
Washington, D. C.

Dear Mr. Traver:

In addition to the apparatus which has to be sent to Trail, B. C. which we just conferred over the telephone, I wish to send to:

FINAL DETERMINATION
about
UNCLASSIFIED
L. M. Rodman
JAN 22, 77

Dr. H. M. Barrett
Experimental Station
Suffield, Alberta, Canada

a portable photometer which we have built in the Northwestern Laboratory (NDRC, Section B-6). This apparatus will require two packing boxes and will have my address,

From: Malcolm Dole
Northwestern University
Evanston, Illinois

on it as the return address. I may send the photometer back to this country if it does not work properly. Otherwise, it may be loaned to the Canadians. This apparatus will also be shipped by Railway Express via Portal, North Dakota. Weight probably 100-200 pounds.

Will you please obtain an exit permit for this apparatus or give this letter to someone who can obtain it for us? As I expect to leave for British Columbia tomorrow, will you please notify Dr. I. M. Klotz, my research assistant, that the exit permit has been obtained. Dr. Klotz's address is:

Dr. I. M. Klotz - Room 42
Northwestern Technological Institute
Evanston, Illinois.

He will then ship the apparatus to Suffield so that I may test it under field conditions on my return from Trail.

Very sincerely yours,

Malcolm Dole

Malcolm Dole, Official Investigator
NDRC Sections B-6 and S-1
