INTER-OFFICE MEMORANDUM

DATE 25 June 1946

TO: Col. A. W. Betts

FROM: C. H. Dick

SUBJECT: Manhattan Project interests at Wendover Field, Utah

322 Wendover

1. Col. Frolich confirms my belief that the Manhattan District no longer has personnel, equipment or other interest at Wendover Field in a telephone conversation to Sandia on 25 June 1946.

2. Col. Frolich will confirm this by memo to your office in the near future. He states that the only item remaining to his knowledge was a concrete structure which contains no equipment or machinery of any kind and that it was formerly a loading pit.
