March 10, 1952

Mr. J. A. Cox  
Supt. of Operations  
Oak Ridge National Laboratory  
Oak Ridge, Tenn.

Dear Mr. Cox:

Thank you for your letter of February 28, concerning the four bismuth slugs you are irradiating.

We are interested in any appreciable dimensional changes in these slugs as a result of the irradiation. When you estimate the exposure has reached a point equivalent to that received by a thirty day period in the M.T.R., we would like for these pieces to be removed and inspected for any evidence of swelling or bulging. This then, so far as we are concerned, will complete the experiment.

Your cooperation in this matter is appreciated.

Yours very truly,

D. L. Scott  
Asst. Director, Operations Division
