Mr. J. J. Spicka

3221

To meet the new surveillance requirements for the unloading of reservoirs as outlined by SCLL, it is necessary for Mound Laboratory to procure explosive squib valves from the Bendix Corporation. It is important because of scheduling to procure these squib valves immediately. Partial shipment will be acceptable.

The items listed below correspond item for Item with those of unclassified purchase requisition number 20064.

Item 1 - 5 each Squib Valve, MC-1503, as per drawing number 211147 and details.

Item 2 - 3 each Squib Valve, MC-1566, as per drawing number 211177 and details.

NOTE: All drawing numbers are Sandia, Livermore.
