MOUND LSDR PROJECT
(funded through DOE's OPENNESS INITIATIVE)
Record Copy held at Mound Facility

Dear Mr. Creamer:

Prior to Fiscal Year 1961 we were authorized to distribute, on an unclassified basis, a grand total of 500 STP liters of helium-3. Before obtaining an increase in allotment, we had shipped a grand total of 370 liters. The next allotment increase was prior to January 1962 and increased the grand total for distribution by 1000 liters for a total unclassified allotment of 1500 liters. Total shipments up to January 1962 amounted to 966 liters.

In January 1962, our allotment was changed to read 1500 STP liters per year with authorization to also carry over any unused allotment. We interpreted this to mean that we could carry over, from year to year, any unused portion of the yearly allotment. This information is summarized in the enclosed table.

If you have additional questions concerning the allotments, please let me know.

Very truly yours,

D L Scott

David L. Scott
Vice President,
Plant Manager
