the grave once the remains have been removed, and to reopen the grave when the remains are returned for reburial.

We hope that your charges and those of the cemetery can be kept to a minimum since, as you probably know, government research funds are rather limited these days.

Upon receipt of your estimate of the cost of this exhumation we will notify you of its acceptance. We will want to arrange in advance the date for the work to be done since one of our staff will be present at the time of the exhumation.

Please address your reply to me at the address given on the bottom of the first page of this letter.

Sincerely yours,
