Dear Mrs. Silkwood:

I am sorry that my letter of February 24 did not answer certain specific questions on the autopsy studies. I would like to point out that I did include a summary of our findings on the tissue samples taken at autopsy in the middle paragraph, page 2, of my letter. However, since our Laboratory was responsible only for radiological measurements, it is not possible for me to send you the report of the medical examiner.

I feel sure that you can get the report you want by writing to the Office of the Chief Medical Examiner, P.O. Box 26901, Oklahoma City, OK 73190. That office is responsible for the post-mortem examination report and should be able to answer your request.

Sincerely,

GLV/mjt
