Dear Mr. Roeder:

The following information on transfer to the atmosphere of materials from LASL dynamic experiments is summarized for your review and use as requested during the recent ALO health and safety audit at LASL. The information presented includes data from three special experiments conducted for this study plus estimates of materials aerosolized from 1976 LASL experiments.

Should you have further questions, please call.

Sincerely,

George L. Voelz, M.D.
Health Division Leader
