SUBJECT: Assurance approval

Stanford University has an approved assurance with the Department of Health and Human Services for a period of five years. The assurance identification number is M 1272, and our institutional review board's identification numbers are 01XB and 02XM. Our assurance will expire December 31, 1989 and a new assurance will be negotiated prior to this date.

Please let me know if I can furnish any more information that you may need.
