FROM: Chairman, Administrative Panel
on Human Subjects in Medical Research

PROTOCOL TITLE:
K-edge Angiography with Synchrotron X-rays.
(Grant: K-edge Substraction Angiography with Synchrotron X-rays)

The Panel approved human subjects involvement in your research project on January 6, 1987.

The expiration date of this approval is January 5, 1988. If this project is to continue beyond that date, please submit an updated proposal in advance for the Panel's re-approval. If this proposal is used in conjunction with any other human experimentation or if it is modified in any way, it must be re-approved for these special circumstances. In addition, the Panel requests prompt notification of any complications which may occur during any experimental procedure.

All continuing projects and activities must be reviewed and re-approved at least annually by the Panel. Panel approval of any project is for a maximum period of one year. It is the responsibility of the investigator to resubmit the project to the Panel for annual review.
