This is the follow-up to my letter of October 26, 1965.

The remaining information to be sent concerning program reviewers on human spermatogenesis in Seattle, December 2 and 3, is the location of the first meeting. It is the second floor conference room of the Public Health Service Hospital, 1131 14th Street, South, Seattle, Washington.

A brief note from you confirming your intention to be present would be appreciated.

I look forward to seeing you in Seattle.

Sincerely yours,

Paul S. Henshaw
