ER-73

Congressional Inquiry into Follow-up Studies on Human Radiation Experimentation

Joseph LaGrone, Manager
Oak Ridge Operations Office

Attached are copies of documents that are being distributed from Congressman Markey's office, and a letter from him asking us for follow-up action in identifying persons who served as experimental subjects. Your assistance in this matter is hereby requested. Please use the committee report to identify the experiments that were conducted in your area, and send an indication of the feasibility of obtaining follow-up information to Dr. James S. Robertson, Director, Human Health and Assessments Division, ER-73, U.S. Department of Energy, Washington, DC. If you wish to send your response via Federal Express, please use the following address:

James S. Robertson, M.D., Ph.D.
Director, Human Health and Assessments Division
Office of Health and Environmental
Research, ER-73
19901 Germantown Road
Germantown, MD 20874

Since we have a deadline of November 10, 1986, for preparing the Secretary's initial response to Congressman Markey, whatever information you can send by November 5 will be appreciated.

If further details are needed at this time, please contact Dr. J. S. Robertson either by telephone (FTS 233-5355) or by electronic mail (DIALCOM ID DOE1217).

Charles DeLisi

Charles DeLisi, Ph.D.
Associate Director for Health
and Environmental Research
Office of Energy Research
