Charles L. Dunham, M. D.
Director, Division of Biology and Medicine
Atomic Energy Commission
Washington 25, D. C.

Dear Chuck:

I am enclosing the original of a letter which I received today from _____, Superintendent of Police of _____ concerning his sister and her case of myloid leukemia. I am very sorry that I don't have an M. D. degree. _____ was referred to me through Dr. M. N. Gupta, Deputy Chief Advisor of Factories, Ministry of Labor, Government of India, New Delhi, whom I met in Dr. Libby's office in 1954-55 and again I think in Geneva. I hope you will be willing to do whatever you can for _____ and perhaps you may wish to touch base with John Hall to see if there are any other considerations from an international point of view. You may remember that some P-32 was sent to Cardinal Stepinak of Yugoslavia.

A copy of my reply to _____ is enclosed. I don't think there is any more I can say to him other than what I have.

Best personal regards,

George
