Meeting Report 2/8/80

UNIVERSITY OF PITTSBURGH CONTRACT EY -76-S-02-3428

I visited John Whitnah in the Forrestal Building, DC, on 2-8-80 for the purpose of discussing the Mancuso Document situation.

In summary, the conclusion reached is that it may not be necessary to pursue our request to Pittsburgh for data but this will not be known for about a month. We in CORO need take no action until we hear from HQ's.
