Dear Mr. Secretary:

The Vice Chancellor of the University of Pittsburgh has called to my attention the continuing controversy over access to certain computer records by Dr. Thomas Mancuso. I am aware of the very broad controversy regarding Dr. Mancuso's research project, but it seems to me that this matter could be resolved separately.

I enclose a copy of correspondence between the University and my colleague, Congressman Al Gore. It sets out the situation as the University sees it. Could you let me know promptly the status of this matter from your point of view? I have been and will remain in touch with Congressman Gore on this matter in order to avoid double work for you.

Sincerely,

DOUG WALGREN  
 Chairman, Subcommittee on  
 Science, Research and  
 Technology
