Gentlemen:

REACTS

In reply to your letter of June 10, 1977, addressed to Dr. Lushbaugh, the omission of reference to South America was indeed an oversight.

Please consider my letter of May 11, 1977, hereby amended to extend the availability of the Radiation Emergency Assistance Center and Training Site (REACTS) for emergency medical treatment to agency employees who sustain a radiation injury while serving in North or South America. All costs associated with transporting agency personnel to and from REACTS will of course be at agency expense.

Sincerely,

*Joseph A. Lenhard*
