Walter H. Weyzen, M.D., Manager  
Human Health & Assessments Division - EV  
U. S. Department of Energy  
Washington, D. C. 20545

Dear Walt:

The publicity I sent you about the whole body analysis case appears to be resolving satisfactorily. Enclosed is a recent article from the Tri-City Herald which gives a more balanced perspective.

I have had contact with the donor's family and do not believe at this time that there is a breach of rapport.

I will keep you informed if there are any further significant developments.

Sincerely,

A handwritten signature in cursive script that reads "Bryce".

Bryce D. Breitenstein, Jr., M.D.  
Director
