Date: March 20, 1978

To: U. S. Transuranium Registry Distribution

From: *Bryce D. Breitenstein, Jr.*  
Bryce D. Breitenstein, Jr., M.D., Director

Subject: CANCER MORTALITY IN HANFORD WORKERS

I am enclosing a reprint of a paper being presented by Dr. Sidney Marks at the IAEA meeting this month in Vienna, Austria.

This is not a U. S. Transuranium Registry publication, but the topic is related and of sufficient interest that I believe USTR distribution is warranted.

The authors of the paper welcome comment.
