MEMORANDUM OF UNDERSTANDING BETWEEN THE ATOMIC ENERGY COMMISSION AND THE WHITE SANDS PROVING GROUND

INVENTORIED

WHEREAS, buildings and structures have been constructed at the White Sands Proving Ground with funds of the Atomic Energy Commission (hereinafter referred to as the "AEC") in connection with the development and engineering tests of the Guided Missile War Head Program; and

SEP 9 1957

BY ORG. 2743

WHEREAS, it was contemplated that a written agreement between the Manager, Santa Fe Operations Office, AEC, and White Sands Proving Ground would be prepared with respect to the interests, rights and duties of the parties concerning such buildings and structures;

INVENTORIED

NOV 5 '54

4220

NOW, THEREFORE, it is agreed as follows:

INVENTORIED

JUN 6 1961

1. a. The AEC will have exclusive use and occupancy of the assembly

INVENTORIED

JAN 19 1959

BY ORG. 2743

building and the appurtenant structures (hereinafter referred to as the "buildings") which have been constructed with AEC funds at White Sands Proving Ground until the Field Manager, Sandia Field Office, AEC, notifies White Sands Proving Ground that the AEC is withdrawing from the Guided Missile War Head Program. Upon such notification the buildings will come under

ORG 2743

the jurisdiction and control of White Sands Proving Ground. Space in the buildings may be made available to the Armed Forces Special Weapons Project (hereinafter referred to as "AFSWP") on a temporary basis but only with the prior approval of the Field Manager, Sandia Field Office, AEC. AFSWP shall vacate such space upon the request of the Field Manager, Sandia Field Office, AEC, when in his opinion the space is needed by the AEC in connection with its program.

of the buildings, no additions or alterations will be made to the buildings by White Sands Proving Ground without the prior approval of the Field Manager, Sandia Field Office, AEC.

c. Equipment purchased with AEC funds and placed in the buildings will remain the property of the AEC and will be replaced, removed, or disposed of as the AEC may deem advisable. All such equipment will be marked with AEC identification and property numbers.

d. Utilities including water, gas or other fuel, and electricity for use in the buildings will be furnished to the AEC without charge by White Sands Proving Ground.

e. Communications facilities including telephone lines, TWX lines and telephone instruments will be furnished by White Sands Proving Ground. TWX instruments will be installed by the local telephone company as requested by and at the expense of the AEC or its contractor. Long Distance toll charges shall be billed monthly to Sandia Field Office, AEC, on Form 1050.

2. Fire protection and maintenance of the buildings, utilities, and communications facilities will be furnished to the AEC without charge by White Sands Proving Ground.
3. Security guards for guarding the buildings will be furnished in accordance with the agreement between the Field Manager, Sandia Field Office, AEC, and the Commanding General, White
