BERKELEY: DONNER LABORATORY AND DONNER PAVILION

21 Nov 72

TO: Dr. James Born

FROM: Tony Sargent

Dear Jim:

We have studied so far four schizophrenic patients using carboxyl-labeled DOPA with the breath analyzer, and one volunteer normal (unpaid). We are now at the point that we need more normals in order to be able to see whether we are getting any significant differences in the patients.

We would like to be able to pay 10 normal subjects (5 for DOPA, 5 for tyrosine) \$10.00 each for the studies. I would appreciate it if you could authorize these payments.

Sincerely,

 Tony Sargent

Dr. Thornton Sargent
Donner Laboratory

Dear Tony:

Thank you for your note of November 21, 1972, regarding volunteers for the labeled-DOPA studies.

In response to your request for authority to pay ten normal subjects, five for Dopa, five for Tyrosine, at \$10 each, kindly consider this as authorization.

Sincerely,

James L. Born, M.D.
