SAN FRANCISCO: THE MEDICAL CENTER
OFFICE OF THE BUSINESS MANAGER

February 24, 1954

President Robert G. Sproul
University of California
Berkeley

Dear President Sproul:

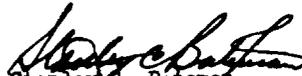

Attached are our worksheets covering a request for supplemental funds for a grant-in-aid with the American Cancer Society, California Division, submitted by Dr. E. V. A. Low-Beer, Professor of Radiology, for a research project entitled, "Use of K⁴² as an indicator for the Localization of Deep-Seated Tumors".

Doctor Low-Beer's original application was approved by the Regents at their meeting January 28, 1954 in the amount of \$3,236.00. Due to a delay in the granting of funds, the American Cancer Society has suggested that a supplemental request be submitted for financing the work an additional five months, February to July, and that the original dates be changed from January 1, 1954 to December 31, 1954 to July 1, 1954 through June 30, 1955.

Adequate space and facilities are available to carry on this work and suitable safety precautions will be taken. There is no provision for overhead or retirement contributions since such allowances are not granted by this agency.

The application has been reviewed and processed in all offices concerned on this campus and is recommended for approval.

Very truly yours,

Stanley C. Bateman
Business Manager
