Dear Dr. Lawrence:

Upon recommendation of the National Advisory Cancer Council on February 20, 1952, the Surgeon General has approved your committed application and its supplement. The total amounts, terms, and period of the combined grants are specified on the enclosed Statement of Research Grant Award.

We call special attention to the term of future support recommended by the Council, shown as follows:

No commitment beyond these newly approved combined grants, C-1440C and C-1440CS.

I sincerely trust that these funds will be of real help in carrying on your research project. If we may be of further service, do not hesitate to let us know.

Sincerely yours,

R. G. Meader, Ph. D.
