President Robert G. Sproul
University of California
Berkeley

Dear President Sproul:

Attached are our worksheets covering a revised budget for a grant-in-aid with the United States Public Health Service submitted by Dr. David A. Wood, Director, Cancer Research Institute, for support of a project entitled, "Clinical Cancer Research with Emphasis on Experimental Therapy and Patho-Physiology (Chemotherapy of lung cancer, leukemia and malignant lymphoma; and hormonal-surgical treatment of mammary cancer)". This budget is in the amount of \$75,000 for the period September 1, 1954 through August 31, 1955.

This revised budget was previously submitted in three separate applications as listed below.

"Clinical Cancer Research with Emphasis on Experimental Therapy and Patho-Physiology" (C-2085C)	\$ 57,003.00
"Chemotherapy and Patho-Physiology in Lung Cancer (C-2365)	86,158.51
"Chemotherapy and Patho-Physiology in Leukemia and Lymphoma" (C-2364)	142,548.66

As the total amount of the budget is now \$75,000, Dr. Wood decided to include all three in one research grant.

Adequate space and facilities are available in areas already assigned to the Cancer Research Institute or on the 12th floor of the Medical Sciences Building and the H. C. Moffitt Hospital. The appropriate amounts have been provided for overhead and retirement contributions.

The revised budget has been reviewed and processed in all offices concerned on this campus and is recommended for approval.

Very truly yours,

Stanley C. Bateman
Business Manager
