Dr. E. O. Lawrence  
University of California  
Berkeley, California

My dear Doctor Lawrence:

I thank you kindly for your letter of September 12 and appreciate your invitation.

I should like very much to avail myself of this opportunity and make my visit sometime during the coming winter. Perhaps I can discuss the details with you when I see you in Chicago after the New Year.

When your plans for your Chicago visit are definite, I would appreciate knowing what evening you will have free as we would like to have some friends over for dinner to meet you. I would also like to know whether Mrs. Lawrence is going to be with you.

Your brother, Doctor John Lawrence, has kindly sent me some radioactive phosphorus which I have administered to an interesting case of multiple myeloma. I appreciate very much this help and cooperation.

With my kindest regards,

Cordially yours,

MC:LR
