Professor Ernest O. Lawrence  
Crocker Radiation Laboratory  
University of California  
Berkeley, California

Dear Professor Lawrence:

Thank you very much for your note of August 4 and also for the supply of radioactive phosphorus which was delivered yesterday. Actually, our activity determinations using the Geiger-Mueller counter show that this solution has a higher total activity than any solution which you have sent to us. This material will be of very great help to us in the prosecution of our investigations. With very best regards,

*W. D. Armstrong*
