SUBJECT: Appointment of Zrinko Petrak, M.D.
 to Medical Staff

I am proposing the appointment of Dr. Zrinko Petrak as Visiting Clinician to the Hospital. He will be working with Drs. Cohn and Zanzi on studies of postmenopausal osteoporosis and the effect of physical activity on osteoporosis. In the near future the studies will include work concerning Vitamin D and metabolic bone disease after gastrectomy and treatment of Paget's disease of the bone with glucagon. Enclosed you will find a summary of his credentials. If you wish to interview him personally, please feel free to do so.

If you concur, please sign opposite your name and return to me as quickly as possible.
