MEMO ROUTE SLIP Form AEC-93 (Rev. May 14, 1947)		See me about this. Note and return.	For concurrence. For signature.	For action. For information.
TO (Name and unit)  <b>N. M. Roth</b>	INITIALS  DATE	REMARKS  <del>C. W. Hill saw this memo also. We have a dis- fear that the importance of the fact that MCW advised to close this testing may be over- emphasized by MCW management. Our concern for th is that our lines of health protection communiti. to Area Office and contractor personnel which a so necessary for our effectiveness may suffer. If it is possible, we would like to suggest that Ray Armstrong set this matter in its proper perspective with MCW and area management when they are here next week.</del>

**PUBLICATION OF URANIUM UPTAKE DATA**

ORB:JAL

This is to confirm our recent discussions regarding the desirability of publishing, in some appropriate fashion, the data and conclusions which will be developed by MCW from the two recent tests of uranium uptake from the CI tract.

As you are aware, our health protection staff has been communicating directly with MCW representatives regarding the data and its interpretation. We feel that the information will be of great interest to AEC and Standards groups working with internal uranium exposures.

It is suggested that our ORO legal and technical staff review the paper prior to the time it is submitted for publication.

Herman M. Roth
