Dear Dr. Farr:

I am happy to inform you that you have been appointed Research Collaborator in the Medical Department, effective upon termination of your Department Chairmanship for a period of one year. It is understood that you will be working here intermittently. Although an appointment as Research Collaborator carries no salary and persons in this category are guests rather than employees of the Laboratory, we are happy to extend to you once again, the ordinary privileges of a member of the staff.

As you know, your Atomic Energy Commission "Q" security clearance for work at this Laboratory is active.

To the extent authorized by the Chairman of the Medical Department within the terms of our travel policy, the Laboratory will reimburse your traveling expenses, and your lodging expense and subsistence while working at the Laboratory.

It will be appreciated if you would sign and have witnessed, the enclosed patent agreement.

If the above arrangements are acceptable to you, will you kindly indicate this fact for our records by signing and returning the enclosed copy of this letter.

Sincerely yours,

R. Christian Anderson
