Dear Dr. Calvin:

This will acknowledge receipt of your letter of October 1, 1942.

With reference to your plans to employ Dr. F.H. Rathmann of St. Paul, Minnesota on the work under your contract No. OEMsr-279, we do not believe it is necessary to have Dr. Rathmann fill out the Personnel Security Questionnaire. He should, however, sign the Secrecy Oath and a copy of the Espionage Act before he undertakes work on the contract. I enclose herewith one copy of each of these forms which you can forward to Dr. Rathmann. Please ask him to return them after being signed to Mr. R.A. Bowman, Jr., 1703 32nd Street, N.W., Washington, D.C.

With regard to the additional appropriation of funds to enable you to continue work under your contract until December 31, 1942, the NDRC at a meeting on October 2, 1942, approved an additional appropriation of \$4500. The University of California will receive the usual letter of intent to this effect shortly.

Very truly yours,

D. Churchill, Jr.  
Technical Aide  
Section B-7
