Atomic Energy Commission  
 531 Ohohia  
 Honolulu, Hawaii

Gentlemen:

This is formal notice to you that the PACE project has been ordered stopped by the Federal Court.

You will see, however, that the order permits a radiological survey by the Atomic Energy Commission to continue.

We agreed to this proviso on the assumption that the survey would have no environmental impact. Will you please respond immediately to tell me if this assumption is correct? I would appreciate a sufficiently detailed response describing the survey so that I can make an independent judgment about its potential impact.

Please address your response to me
