DRAFT

January 19, 1959

Document approved by the [illegible] Dwight D. Eisenhower Library

Dear Herb:

In the attached memorandum, Bill Bradley comments upon the advantages of declassifying some of the Argus information.

He would base any declassification and news release on the scientific aspects of the observations and he argues that this would be of substantial benefit to our scientific and engineering activity.

Yours sincerely,

(Signed) Jim

J. R. Killian, Jr.
