The Joint Chiefs of Staff have requested AEC concurrence in the subject draft agreement attached hereto, as well as concurrence in making the agreement effective as of May 30, 1948 the date the Commander-in-Chief, Pacific took over the responsibility for the Proving Ground.

The terms of the agreement were formulated in consultation between the staffs of the Commander, Joint Task Force Seven and the Commander-in-Chief, Pacific in which I represented the AEC. The philosophy parallels that of AEC support of the military in doing the proof test job for us in Operation SANDSTONE.

Staff concurrence is indicated by initials on the yellow file copy of the proposed memorandum of concurrence to the Joint Chiefs of Staff.

Signature on the proposed memorandum of concurrence is recommended.
